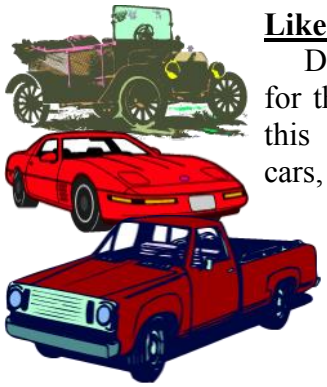
Today's Program

We will hear from one of our own, Don Jones, in what we have come to refer to as a Sr. Member Talk. Don has been a member of our Club since 1990 and a member of Rotary since 1973. Please join us as Don shares his life experiences.

Apple Harvest Festival *THIS WEEKEND*

THIS weekend! We need your help for this all-hands-on-deck event! ***YOUR participation makes this event possible. Remember, you get a floating make-up for each shift worked!***

More information will be relayed today, so check your calendar and BE THERE! (Also, Dave Smith wanted to make sure the band sponsors in the club knew that their sponsorship included four free tickets, so check in with him accordingly.)



Like Antique Cars & Trucks?

Darla is looking for two judges for the Antique Car & Truck Show this weekend. If you LOVE old cars, this is your chance to be up close and personal! Although no previous experience is required...judges will be given a judging sheet and basic ***"How To"*** information.

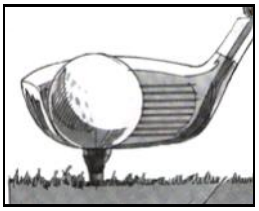
Our Last Program

Rotarians in attendance for last week's meeting were in for a real treat delivered by our presenter Christine Madison. She is the president of the Rotary Club of Dakar Horizon in Senegal, West Africa. (Isn't it nice to be reminded that we are members of a WORLDWIDE organization?)

Madison is an accomplished journalist who joined Rotary after seeing how the organization's mission and purpose really helped to meet the needs of underserved people. *"Living in Africa makes one recognize that the needs are just tremendous,"* she said. Speaking to our large club caused her to reflect on the structure of her club and her district. There are 10 clubs in Senegal. On average, these clubs have about 20 members each. (Her club has 13 members, meaning each person involved has to be dedicated to service in order for any meaningful work to be accomplished.)

As an interesting side note, she shared that Rotary came to the African coast by boat. The very first Rotary meetings were held in the bottom of ships! Over time, the idea of Rotary took hold, and clubs became a vehicle for middle class persons to pull together on a mission to *"do good"* for those in need.

Her club is currently driving an initiative to use micro-lending concepts to help poor families develop a means to sustain themselves. These loans, ranging in value of $100 to $500, are intended to help curb the impact of unemployment in the country. She asked club members to provide feedback regarding the project, as she felt that *"America is a country of entrepreneurs."* Several club members spoke with her subsequently, so the club has a small impact on yet another project taking place half a world away!



12th Annual Golf Tournament - October 12th

Don Louque reports there are still plenty of opportunities for sponsors and teams! This year's beneficiary is the Lord Fairfax House in Winchester, a 12-step program and part of the Lord Fairfax Community Council on Alcoholism.
