PLUS, our club boasts having 2 members who are 110%'ers. Dan Martin 2 years ago and Darla McCary this year. Congratulations to both!!

OUR PROGRAM LAST WEEK

Our speaker last week was **Brenda Martin** who is the Frederick County Administrator. Brenda actually studied to be a CPA but was lured to work as the Orange Co. Administrator and found she really enjoyed the work and profession. She has served 9 localities in her career. Brenda is married to a county administrator, Steve Minor who serves in Accomack Co.

The Frederick County budget is the most controversial subject for Brenda now as she has proposed an 8 cent increase in real estate in order to cover the growth and capital needs of the county. Traditionally the budget starts with the Chair of the Board's wish list that is then passed on to the Administrator for consideration. The county has a natural growth in it's tax base because of new properties and businesses and is expected to grow \$8.8 million this year. However, to meet last year's budget, the county had to dip into their emergency reserves. That amount was \$7.7 million dollars and the total reserve goal is to maintain 2 months of operating expenses in reserve. This goal cannot be sustained should the county continue to rely upon utilizing the reserves.

The two big items that increased the budget needs this year were education and safety. She noted that in the past many fire and rescue personnel had been volunteers which really helped keep these expenses low. However, in today's world there are not near as many firefighters and rescue squad members who are volunteers. This trend makes it necessary to hire professional personnel and that is expensive. Debt service for schools and other capital projects is a substantial expense and one that is expected to grow as the county grows and interest rates rise. Also insurance costs have risen 7% in just one year. Brenda strives to keep the budgeting process inclusive, open and easier to share with all constituents and stakeholders.

A tax increase is almost a foregone conclusion when you consider the \$8.8 million natural growth minus the \$7.7 million use of reserves. In reality this leaves about \$500k left for schools and \$600,000 in county needs. Brenda presented the Board the 8 cents rate hike with the expectation that they would advertise a 10 cent hike leaving room for negotiations but it was felt the rise would be a shock to the community and therefore they wouldn't pad the need. Brenda reported, had the entire wish list from all County departments been included, the actual tax rate hike would have been close to 28 cents.

On other subjects Brenda stressed that Frederick county has a great recycling program, the animal shelter is superb and Frederick County Social Services is very active in both child and adult protective services. The Board recently passed a resolution to make next week **"Telecommunications Week."** This was done to honor the high quality work performed by county dispatchers who are indispensable to fire, rescue and police.

RUMMAGE SALE

The rummage sale is coming up June 4th at the Old Armory building on Millwood Pike. This is a great time to "unclutter" your home. The trailer at Frogale Lumber (220 Arbor Court, Winchester) is open for rummage. If you can't get out there, Jean Barch will coordinate with you so that you can bring your donations to a Rotary meeting and a committee member will pick them up there.

Donations of clean, gently used furniture, housewares, tools, toys, lawn items, clothing, etc. are appreciated. We are unable to accept: baby cribs, car seats, mattresses, computers, computer CRT monitors, refrigerators, dehumidifiers, outdated electronics or any damaged items.

By the way, the committee is always looking for volunteers to help sort & price items.

Our Drawing Last Week

Our drawing winner was Paul Frank to the tune of 16 dollars but alas, he drew the seven of Hearts for the jackpot. We start today with a jackpot of \$194.

Many Thanks

Habitat for Humanity sent our club a very nice thank you note for our donation and the Holy Cross Abbey sent a note of thanks for allowing them to share their story with us.

Kaleidoscope was Super!

Tootie had the opportunity to talk with several of the leaders of Abba, our beneficiary organization. They could not say enough great things about the Kaleidoscope committee, their professionalism, how well they were organized and how responsive they were. Made her proud (yet again) to be a member of this club!!!! **Good job all!**

TODAY IS NATIONAL BEER DAY

National Beer Day isn't just a randomly chosen date - it actually marks a historic occasion: the end of Prohibition in the U.S. On April 7, 1933, people were once again allowed to buy, brew and sell beer after 13 long, dry years.

AND, as Libba pointed out on St. Patrick's Day, drinking beer in moderation does have its health benefits. It's high in fiber content, helps maintain and build stronger bones, flushes the kidneys, and if you use recipes that call for a beer marinade it reduces carcinogens.

Last year, the American beer market reached a staggering total retail value over \$105 billion. Some workplaces are even closing early today. But even if you can't make it out of the office before happy hour, stop after work and check out some National Beer Day deals.
